TRAP

MORE HITS. MORE RELOADS. MORE WINS.

It's here. New FEDERAL PREMIUM® HIGH OVER ALL™ leaves a trail of shattered targets in its wake and more reloads per shell. Its hard, high-antimony lead shot and exclusive one-piece Podium™ wad produce the most consistent patterns, while the solid brass head and tapered hull make reloading easier than ever. *Victory is yours.*

- 1 SOLID BRASS HEAD
- 2 TARGET SHOTSHELL PRIMER
- 3 INTEGRAL BASE WAD AND TAPERED HULL
- 4 ONE-PIECE PODIUM WAD
- 5 HARD, HIGH-ANTIMONY LEAD PELLETS
- 6 EIGHT-SEGMENT CRIMP

August 28 - September 1, 2024

GENERAL INFORMATION

This shoot is sanctioned by the Amateur Trapshooting Association (ATA) and the Atlantic Provinces Trapshooting Association (APTA). ATA rules will govern shooting in all events.

Shoot Management insists on safe gun handling at all times. Shooters who enter the competition agree to abide by ATA and host club safety rules. Violators subject themselves to disqualification, without recourse, and may be required to leave the grounds.

Shoot Management reserves the right to reject any entry or change the program as conditions warrant. Shoot Management also reserves the right to disqualify, or refuse entry to, anyone who interferes with or disturbs the harmony of the shoot in any manner.

Please be courteous to other shooters by refraining from loud or boisterous conduct while behind shooters still competing on the firing line, especially during the handicap events. Your cooperation is appreciated.

REGISTRATION AND PRE-SQUADDING

Check daily schedules for registration times. Pre-squadding will be available through presquad.com starting on June 1, 2024.

CLASSIFICATION AND HANDICAPPING

Classification Committee

Andrea Bassan (NL)	Doug Blades (NS)	Jamie LeBlanc (NB)
Troy Coldwell (NL)	Janaya Nickerson (NS)	Christian Winter (NL)

Classification will be determined by current ATA target year average and known ability. Known ability will consider official shooting averages, non-registered scores and any other information determining a shooter's ability.

The Classification Committee reserves the right to review all scores in the Preliminary Day Events for classification purposes. Shooters under review may be moved to a higher class at the discretion of Classification Committee.

Penalty Classification

Shooters with less than 300 ATA registered targets per event in the current plus previous target year will be assigned a classification based on known ability and their last established ATA average and yardage. Shooters without a previously established ATA average will be classified based on known ability. Any shooter not meeting the minimum target requirements may be assigned a penalty classification.

Shooters are asked to have their up to date ATA Average Card and any other target

information ready for presentation to the Classification Committee. Average Cards printed from the ATA's Shooter Information Center will be accepted.

Tournament Classification

Singles Classification

96% and over.....	AA
94% and under 96%.....	A
91% and under 94%.....	B
88% and under 91%.....	C
Under 88%.....	D

Doubles Classification

93% and over.....	AA
89% and under 93%.....	A
85% and under 89%.....	B
78% and under 85%.....	C
Under 78%.....	D

Class Advances

Shooters winning ,or tying, for Champion or Class, in any Preliminary Day singles or doubles event, may be advanced at least one class for the next like event. Class advances are at the discretion of the Classification Committee. Handicap yardage increases will be determined based on the ATA earned yardage table.

ATA CATEGORY DECLARATION

Shooters must declare any ATA Category at the time of classification. It is the responsibility of ATA Category shooters to ensure that their category has been properly noted on their entry form prior to cashiering for the first event entered.

Category shooters tied for event Champion may shoot-off for the Championship trophy. If the Category shooter fails in the Championship trophy shoot-off, they will fall back to their declared Category. A Category shooter whose score qualifies for a trophy in their declared Category, may not fall back to place or class. Where there is no Category trophy offered, the Category shooter is eligible to shoot for Class or Place trophies. Any Category shooter whose score does not qualify for a trophy in their declared Category may compete for Class or Place trophies.

TIES AND SHOOT-OFFS

Ties in all Singles and Doubles Preliminary Day Events will be determined by a carry over to the next event. Ties in any preliminary Handicap event will be determined before the start of the next Handicap event.

Ties in the Championship Events will be resolved by a shoot-off and held at the discretion of the shoot committee and as time permits. Shooters not answering the shoot-off call will forfeit.

SHOOTER'S RESPONSIBILITY

Shooters are responsible for checking their posted scores and to make sure their money options are indicated properly.

Due to the number of shooters expected, shooters are requested to be at the

shooting line promptly, and prepared to shoot when their squad is called, in order to complete all events in a timely manner.

Shoot Management also asks that squads move through events without any unnecessary delays or breaks. Your cooperation is appreciated.

TARGET SETTING / TARGETS

The Target Setting Committee will set targets each morning and for event changes. Targets will be set in accordance with ATA rules and will only be reset if they vary from ATA specifications. The final decision to reset targets will be made by a member of the Target Setting Committee.

White Flyer orange dome targets will be used for all events.

TROPHIES

Only shooters that reside in the Atlantic Provinces are eligible for the Closed (Resident) trophies. All shooters (regardless of residency) are eligible for the Open trophies. Please note that all Closed (Resident) trophies are awarded above Open trophies for Atlantic Province shooters.

2024 Atlantic Provinces ATA Provincial Shoot

ALLOW YOURSELF TO BE HUMAN AND LET YOUR 694 BE INFALLIBLE FOR YOU.

Specifically built for Clay Shooting, the 694 is packed with features making this the most forgiving over and under to shoot even on the toughest targets. The stock and forend wood have been completely re-designed to give better feel and improve all the contact points between gun and shooter. The stock now blends seamlessly into the shoulder of the action to improve peripheral vision. The new all steel forend mechanism maintains a smoother constant opening pressure and provides increased longevity. Beretta tried and tested Steeliium Plus barrels with Optima HP choke system and the B-Fast balance system, remain as a standard part of this comprehensive package.

BERETTA 694. THE WINNING EDGE.
